From the Principal's Desk

Prof. Basharat Iqbal (Principal, GDC, Thathri)

It gives us immense pleasure to bring out the maiden issue of the College News Letter. It has been more than a decade since GDC, Thathri started its Holy mission of enlightening the young minds with the power of knowledge. During this period everybody associated with this temple of teaching/learning tried his /her utmost to promote the purpose it stands for. Consequently for the last many years, though confronted with numerous hurdles of varied natures, it continues to impart to the students with the power of knowledge to enable them to face the challenges of today & tomorrow. Immediately after taking over as the Principal of this College, I realized many problems of serious nature which demanded immediate attention and solution. The problems were with regard to Infrastructure, Academics, Shortage of Staff in various Subjects, which will hopefully find a solution and concerted efforts with the Co-ordination of my entire staff members both Teaching as well as Non-teaching. The gravity of the problems was mitigated and all the grey areas were indentified and necessary measures were taken to remove the hindrances for smooth teaching / learning process. Many new Subjects were introduced including English Literature, History, Persian, Kashmiri and Arabic to widen the canvas of subject options for the students enabling them to choose career oriented subjects out of these. To promote the technical talent of the students some computer skill courses are being started soon for which our College stands registered in NIELET and as many as 86 students of this Institution from far flung areas are enrolled for the computer skill courses which can grant them opportunity for Computer Literacy and learning computer applications to qualify them for Job Opportunities in all Sectors. The work of prefabricated structures under Rashtriya

Uchchatar Shiksha Abhiyan (RUSA) for constructing Computer Lab. Toilet blocks (One each for boys & girls), and canteen is nearing completion and only 10% of the work is left to be done for which all codal formalities have already been completed and the executing agencies are being made to complete the work in near future. The matter of the construction of the new building of the college has also been taken up with the Administrative Department and the funds for the acquisition of the Land after identification have been kept at the disposal of Collector Land Acquisition (SDM) Thathri for search and acquisition of suitable land for the construction of the new college building. It is hoped that the issue will be resolved soon.

Every effort is being made to involve the students in the extra Academic Activities like, seminars, symposia, and painting & inter college competitions for physical, aesthetic and creative development. An online webinar was also organised by the Department of English during the COVID-19 period which received wide appreciation. The non-teaching area of the college is no less dedicated and sincere. The students are disciplined, hardworking, loving and have a strong yearning to learn more, to know more. It is hoped that the coming years will see this college flourishing with the joint effort of all of us.

From the convener's Pen

The maiden issue of News Letter is a humble endeavour to record the academic functioning of our Institution and its versatile activities for the session 2020-21. One of the primary objective of this institution is to familiarize the readers with academic and non-academic programmes and other activities organized from time to time as a supplement for the academic work. In view of the global challenges, higher education institutions have to create competitiveness quality and excellence in teaching, research and extension activities. Constant efforts are being made to achieve excellence and put this institution on the list of reputed Colleges of the State. Therefore, our efforts have been to move from a stage of mere knowledge transmission to knowledge generation. The main strength of the College lies in its work culture, sound academics, sports, nurturing of democratic values and strategic values and strategic planning.

(Convener)**

E-Learning

In challenging time of COVID-19 Lockdown; since all the Educational Institutions were shut down due to spread of Corona virus, the entire Education system was badly impacted and it faced unprecedented challenges. There were confusion and chaos among the students as well the Deptt. of Higher Education. The J&K Government came forward and inspired Teachers and students for E-Learning and online classes, e.g. Google Classroom, Zoom Meetings and Wise app etc. The students were motivated to enrol and register for this new method of teaching-learning. The College fraternity did their best to calls to the needs of the students and tried their outmost to facilitate and help students to their studies.

Vision

Promotion of inclusive learner centric education encompassing leadership entrepreneurial spirit for productive and creative carriers, meaningful life and responsible citizenship is the hallmark of our institution of higher learning. Our institution characterises an all inclusive community of learners to see emerging leaders in higher education models of inspiring excellence and innovation.

Mission

The primary purpose of our institution is to provide a learning environment in which faculty, staff and students can discover, examine, persevere and transmit the knowledge, wisdom and values that will help ensure the survival of this all. The institution seeks to help students to develop an understanding and appreciation for the complex, cultural and physical areas in which they live and to realise their highest potential of intellectual, physical and human development. It also seeks to attract and serve student from diverse social, economic and ethnic backgrounds to be sensitive, responsive to those groups which have been challenging and unexplored.

GDC Thathri organises online essay writing competition on the occasion of world day against child labour

Top News Report
BY ABID PAMPORI

DODA, 16th March: Considering the negative impact of the ongoing COVID-19 pandemic an online writing competition (online) was organised by EBSB Club of GDC Thathri today.

An essay on 32 parts from various colleges of across UT of J&K participated in the competition and expressed their views on the subject. They described the drastic consequences of the COVID-19 pandemic on the education sector and consequent academic

loss to the student community and how long it will take to get back to normal. The jury comprised of the Instructors (Literature, Prof. Shabir Ahmad and Prof. Nisar). As per the guidelines announced by the judges the first position was secured by Shiksha Devi from GDC Thathri. Whereas the second position was jointly shared by Samay Kumar, Shruvasta Devi and Vinodita Devi from GDC Thathri.

The third position went to Mohd Saqib and Abdul Alim Ahmad Memorial College Doda, Srinagar.

The Principal of the College Prof. Barkhat Iqbal made it clear that under the prevailing difficult COVID-19 pandemic situation the best way to impart education across the student learning and comprehension level was by organizing such programmes online so that the student community is made to continue with academic as well as awareness programmes for their mental development. The Principal of the College appreciated the role of the organizers especially Prof. Sudeek Kumar, Nisha Devi of the LBSB Club for making an online programme to the students for expressing their views on a very important subject which is a matter of concern for everybody. He further requested the organizers to arrange such awareness programmes in future also for overall development of the student learners.
